STEALTH-VAC™

The STEALTH-VAC operates directly on compressed air or nitrogen. Simply place the vacuum tip on the part to pick it up and tap the control button to release the part.

- VVSV-KIT** **BUY IT NOW** The normally open Stealth Vac Kit with a set of nine vacuum tips, 6 feet of 1/16" coiled vacuum hose, a 1/8" NPT to 1/16" barb adapter for the supply line, the vacuum generating handle and a VBM-3 holder for the wand. Operates off of 30 to 70 psi compressed air or nitrogen. This tool grips the part without depressing the button. A slight tap of the button releases the part.
- VVSV-X** **BUY IT NOW** The normally open Stealth Vac vacuum generating handle. Includes 6 feet of 1/16" coiled vacuum hose, a 1/8" NPT to 1/16" barb adapter for the supply line and the vacuum generating handle. Operates off of 30 to 70 psi compressed air or nitrogen. This tool grips the part without depressing the button. A slight tap of the button releases the part.
